Food For Thought

Today we conclude our series called, "How Do You See The World?" There is one more important question we need to ask to complete our Biblical Worldview. That question is, "What is the answer?" Last week we saw that the cause of all the problems we experience in life is ultimately the result of SIN. Sin entered the world through Adam and Eve and the world was changed forever. As a result we were all born with a sin nature. Every day we continue to see the devastation that sin causes in our world and in our own lives. So now we need a solution to take care of the SIN problem. Only one worldview has that answer, and that answer is Jesus.
